Not worth dying for

Not worth fighting for

Naturally the common people don't want war... but after all it is the leaders of a country who determine policy, and it is always a simple matter to drag the people along, whether it is a democracy, or a fascist dictatorship, or a parliament or a communist dictatorship. All you have to do is tell them they are being attacked, and denounce the pacifists for a lack of patriotism and exposing the country to danger. It works the same in every country.

— HERMANN GOERING (1893 - 1945) Nazi Reichsmarschall
